CORPORATE PROFILE

Farmer Mac is a publicly traded company driven by our mission that helps to build a strong and vital rural America.

As a Government Sponsored Enterprise, we create a secondary market that increases access to credit for the benefit of American agriculture and rural communities by enabling lenders to offer flexible and competitive financing to eligible farmers, ranchers, agribusinesses, and rural infrastructure providers.

“...Farmer Mac continues to work with agricultural lenders across the nation to provide the liquidity and capital that is essential for the success of America's farmers, ranchers, and rural electric customers...”

— CONGRESSMAN FRANK LUCAS (R-OK)

“Farmer Mac remains a critical partner for American agriculture and rural infrastructure. Whether it's supporting our farmers and ranchers across more than 144 different commodities or providing financial solutions to close the digital divide, Farmer Mac plays a crucial role as the nation's secondary market for agricultural credit.”

— CONGRESSMAN DAVID SCOTT (D-GA)
