

CORPORATE PROFILE

Farmer Mac is the stockholder-owned company created to deliver capital and increase lender competition for the benefit of American agricultural and rural communities. We accomplish this by providing a secondary market for qualified agricultural mortgage loans, rural utilities loans and for agricultural and rural development loans guaranteed by the U.S. Department of Agriculture. Created in 1988 as an instrumentality of the United States, Farmer Mac has a more than 25-year track record of success and a unique and well-established brand in agricultural and rural lending.
